Dedication

Mr. Matz, our principal, performs duties which are indispensable to the management of Chartiers. Many of these are obvious and many are things which we take for granted but which, if not as prominent, are just as important. In gratefulness for all things he has so willingly done to make our years at Chartiers pleasant and rewarding, we dedicate the 1950-51 issue of the Charconge to Mr. Matz.

Mr. Matz and Mrs. Porcaro

Where To, Seniors?

As you have approached Commencement day, that last day on which you receive your diploma to signify graduation from the twelfth grade, your hopes and plans no doubt have run quite high. Yours is the eagerness and the impatience of youth. May you hold to this eagerness, and much of the impatience too!

It is due much to this eagerness and impatience of youth that many things are accomplished. Where the staid judgment and consideration of we who are older holds us back, youth impetuously plunges in and more often than not accomplishes.

So, keep your eagerness, and keep your impatience. But let me also add, keep your ideals high. It is only as you keep your ideals high that this eagerness and impatience can become a wholesome and constructive force. Then with your heads held high you can face forward to meet both success and failure. You will meet both. But never forget that so long as the eagerness remains fresh and there is still some of the impatience to keep pressing on, and the ideals are kept high, then failures will not dismay you but provide incentive to go on to success.

Our Future

Many events are taking place in the realm of world politics today which from all indications will not permit our American youth to plan and to live their lives as they would choose. It appears that the present trends of world affairs cannot be ignored in planning their future. These years are critical years of confusion, indecision, and unrest. What can our American boys and girls expect of the future?

Even though these are confusing times, we can take some satisfaction from those courageous men and women who founded this nation. They, too, lived in most critical times. It was most difficult for them to see clearly through conflicting ideas and philosophies and to select the main ideals toward which they wished to work. They realized that they must first establish the political, religious, and economic principles upon which the new nation was to be established and then to organize those principles to secure their acceptance by the people. Our job today is very much like theirs. We'll have to examine very carefully the different idealogies that are demanding our time, our talent, and our money. We must remember that America's ideals fostered by our schools have kept us free and that next to spiritual values the most reliable resource we have is our young people. Education is preparing more people every year to contribute to the progress of our United States.

The young people of our nation represent a vital part of the human assets of our country. We dare not underestimate their importance in civic and community affairs and in the growth of our land. Their careers are all-important. The real strength of our nation lies in the strength of character of its youth. Therefore, we must not neglect our schools in these times of rearmament and cold war. Furthermore, we must not overlook the values that are contributed to our educational program by the Church, radio, television, press, and lecture platform. We must consider money spent for education of our young people as an investment in their careers and in the strength of our U. S. A.

Now, we must have faith in the future. Remember that each generation has contributed more than the one preceding. Let us stand firmly on the premise that democracy and peace are the issues of the day and that their fate in this generation of crisis will likely determine the course of civilization for years to come. Cherish the ideal that democracy is a way of life, **our way of life.** We must believe in it, live it, and practice it. Herein lies our future.

Board of Education

Left to right: E. Bizzack, L. Bernard, L. Zanolli—Treas., E. Cononge—Pres., F. Salamon, P. Plunkett—Sec'y, H. Ullom.

School board membership in the United States is not a job to be taken lightly. The American people have placed heavy responsibility for the development of their most precious national resource, their children, squarely upon the shoulders of our school board.

Members of our school board are elected to office at the general elections. Each political party presents its own nominee and the nominee who receives the highest number of votes is elected. He serves for a six year term.

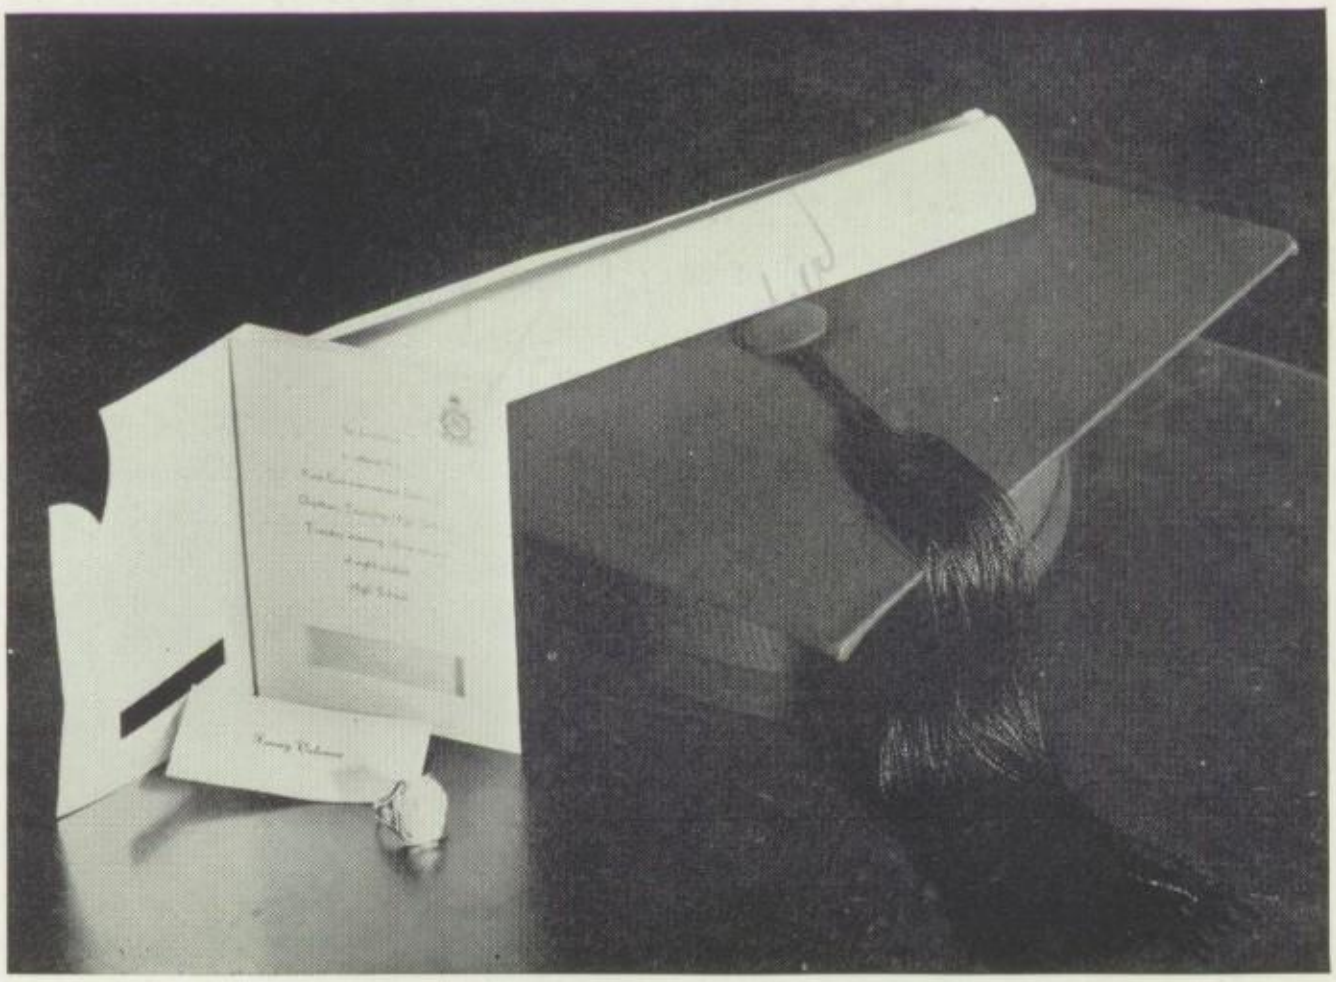
Members of the school board hold office on a Rotation Plan. Every other year two members are elected. They are elected a member and can be elected or appointed to a higher position.

Members of the school board control education, which is a force more and more commonly recognized as one of great power. They keep the art of local control and home rule alive. They take care of our financial problems and any misunderstandings that may occur among the students and faculty. The members, also, prepare us for the future.

The school board holds a meeting once every month, unless a special meeting is called by the President.

The board members are local, state and national officials. They are paid the highest compliments parents bestow—to them they entrust the welfare of their children.

SENIORS



Senior Officers

L. to R. Seated: V. Pres., R. Miller; Advisor, Miss Peacock; President, L. Polk.
Standing: Secretary, Mary Kaste; Treasurer, D. Armani

Well here we are Seniors at last. As we look back it was a long, hard trip but we had plenty of laughs and a lot of fun during our four years stay at C. T. H. S.

Remember way back in '47 when we were Freshmen? Our class was under the able direction of Miss Elaine Furnier. And wasn't our Freshman Party a huge success even if we were still smarting from our "lipstick" wounds.

The next year we were Sophomores. The election of class officers was a great responsibility this year but with Miss Lawton showing us the way the task was much easier. Everybody had a good time at the Sophomore dance. And this was the year we were asked to join the various clubs about the school. Boy, we took to that like a duck takes to water!

Our Junior year was full of fun and surprises. It sure was a task raising money for the Prom but we came through in fine style. I'll bet we wouldn't have made it without Mr. Heil. Who will ever forget our first dramatical efforts in the form of the Junior play, "A Little Honey," and Mr. D. K. Ernst, the psychologist and magician who hypnotized those kids on the stage? And the money from selling our plasticoat book covers went a long way toward raising money for that big event on May 5, the Junior Prom. We won't forget our Junior year for a long time to come.

And now at last we're Seniors. We have accomplished a lot in our four years even if there still are some puzzled looks on the faces of the Solid Geometry students. The Senior Play, "The Mystery of Crazy Canyon Ranch," was full of excitement. Those shots scared everybody in the audience. We can't overlook Miss Peacock. Where would the senior class be without her guiding hand? Everybody is wondering who will be the May King and May Queen and although the seniors are anxious for graduation day to arrive, it will bring to an end all too soon the activities of the class of '51 at Chartiers High School.

RODNEY MILLER

As we leave Chartiers, we begin to realize the value of our years spent here. We have gained not only in knowledge and in stature, but also in experience. Also we realize that without the patience and forebearance of our teachers and parents, we could not now take our places on the roster of the graduating class of 1951.

We do not take our leave as gladly as we had thought we would "way back when!"—but rather thoughtfully, attempting to look ahead into the future which will be our years of fulfillment.

We know that as we shall look back on the days spent here, we will remember most vividly not the serious things in our school lives, but mostly the brighter, humorous happenings of those days. We'll remember the little things—such as the time when one of our aspiring classmates removed one of the gas jets in the science room, or when another of our innocent brothers accidentally turned in the fire alarm, and back in our Junior year, we remember the minor explosions in Chemistry class. We will never forget these incidents and, in years to come, they will remind us of our eventful school days.

It is generally thought that America is facing a crucial period in its history. We believe that Chartiers has prepared us ably for the decisions we must make in the future. We will try to maintain the Chartierian ideals of living and to be a credit to the America of which we now become an active part.

UNDERCLASSMEN

The Junior

The Junior Class, under the capable guidance of Mr. Frank Heil, has a great responsibility placed upon its shoulders. Its task is that of sponsoring the outstanding event of the year, the Junior and Senior Prom. The Prom is annually a huge success and with Mr. Heil again leading the Juniors there seems little doubt about its success this year. The dance is formal and the girls wear corsages. The auditorium, which is decorated with brightly colored paper and glittering lights, is the ballroom for the evening. Everyone has a wonderful time dancing to the music of an outstanding orchestra.

The Junior Class will also put on its annual class play. It will be the first stab at dramatics for most of the participants, but is bound to be a huge success because the class is always willing to give one hundred percent participation. The Juniors will sponsor other projects during the year and whatever they undertake you may be sure that it will turn out for the best because the class has the spirit and initiative that goes with success.

Yearly Publishers

The job of financing our yearbook was handled very ably by our Busines Staff under the supervision of Miss Loula Cherpes, Advisor. Sponsoring round and square dances, selling refreshments at athletic events, and selling acknowledgments were only a few of their jobs. Because of the hard work of this group of seniors, our 1951 Charconge was made financially possible and we cannot give too much credit to the members of the Senior class who have, through the selling of acknowledgments, helped the Business Staff in this gigantic task.

The composing of our annual publication, the Charconge, is taken care of by the Editorial Staff. This is a large task to assign to a group, as has been proven every year since our first yearbook was published, but under the direction of the sponsor, Mrs. Stewart, the editor, and the assistant-editor, we think the 1951 staff has met the challenge admirably. Although deadlines and difficulties arose, these were met and overcome, and the Charconge was sent to press. It is the staff's sincere hope that this book will be enjoyed by all.

The Junior and Senior Plays

Under the capable supervision of Miss Jean McCurry, our Junior and Senior plays were two which our class and all other classes will long be proud. The fine performances of the actors and actresses were nearly unsurpassable. The scenery was so perfect that one would almost think it had been created by professionals.

These plays were produced through long hours of painstaking rehearsal and planning on the part of Miss McCurry, the performers, the stage managers, and everyone connected in any way with their production.

The Junior play, presented last year, was a comedy entitled "A Little Honey." The Senior play was a three act, western mystery comedy. It was entitled, "The Mystery of Crazy Canyon Ranch."

We, the class of "51", feel that if the Junior and Senior plays of the future are as well put on as ours were that Chartiers' plays will go down in the history of the theater.

The Chartiers High School Band, under the direction of its new and capable director, Mr. Joseph S. Chimento, has developed into the finest band representing a Class B school in this district.

Led by our drum major, majorettes, and flag twirlers, our band thrilled Chartiers' fans game after game as the maroon and gold uniformed instrumentalists took the field. Everyone is greatly pleased by this highly improved organization of approximately 45 pieces which performed at all our football games and pep rallies. In this, our 1951 issue of the Charconge, we wish to salute our Chartiers High School band.

The cheerleaders, under the incomparable supervision of Miss Mabel Peacock, have completed another very successful year. Chartiers athletic fans know that our athletic events would be far from complete without our colorful and attractive cheerleaders. Five members of this year's squad are seniors. Dot Armani, Mona Nystrom, Norma Reck, Norma Seik, and Ruth Weaver will graduate while Delores Freno, Velma Hoffman, and Agnes Warne are juniors. The cheerleaders have worked hard to inspire the student body to support our athletes.

Every year new cheerleaders must be chosen. They are selected by Miss Peacock and the other cheerleaders. This year the new cheerleaders that were chosen were Regina Bizzack, Audrey Hower, Elizabeth Lenart, Ruth Whitesell, and Eleanor Zurca. Their activities this year will be limited mostly to cheerleading at the reserve and junior high basketball games. We are sure that they will continue to uphold the fine reputation of our cheerleaders.

The Student Council this year, as in previous years, did an outstanding job of governing the school. All the members took active part in keeping the school clean and directing hall traffic. This club is made up of representatives from each home room. The President this year was George Smith and the club was sponsored by Miss Gey. Again this year the club sponsored its annual Cleanup Campaign. The Student Council also put on a talent show.

The principal aims of the Student Council are to promote sportsmanship throughout the school and to bring about better understanding between students and faculty.

Librarians

At the beginning of each year, Miss Peacock asks the girls for volunteers to act as librarians in their free periods. The duties of a librarian are to check books in and out, keep the library in order, and to take care of fines. She also helps us to find books in the library and supplies us with any information that she can.

Our library is made up of fiction and non-fiction books, magazines, newspapers and many encyclopedias. We all enjoy our library facilities and appreciate the efforts of the student librarians in making it possible for us to have an efficient library.

Buccaneer Staff

The Buccaneer is our school paper. It keeps the students and faculty informed of club doings, sport events, social activities and latest news.

Under the supervision of Mr. Donald Morford, Ruth Weaver, the editor, and with the aid of the associate editors, Nanette Sankey and Pat Schussler, also the committees and typists, they produce an anxiously awaited paper each month.

The Buccaneer can be purchased either by yearly subscription or monthly. All students should be proud of our school paper and support it faithfully.

Harmonizers

The Glee Club is composed of boys and girls of the Sophomore, Junior, and Senior classes, and is under the excellent guidance of Miss Irene Grable. It is made up of approximately 100 well-trained voices, one of the largest choral groups this high school has ever had. Separate rehearsals for the boys and girls are held on Monday, Wednesday, Thursday, and Friday. They have supplied the student body as well as the public with musical selections of all types on many occasions during the year. Miss Grable, with the aid of the accompanists, Dona Scott, and Vonnie Weaver, have transformed this group of young people into a choral group of well-trained voices. Baccalaureate is the most important performance for our Glee Club, and members and director work hard to make it the success it always is.

This year's Student Rule Day was even more successful than the first. The day's activities went off with flawless ease under Miss Mumper's guidance.

This day is designed to give the pupils an idea of the teacher's job and responsibility and to give them a greater sense of responsibility. On Student Rule Day students take the place of all teachers and administrators for the entire day, performing all of their duties.

From its success in the past it is almost sure to be an annual affair at Chartiers.

The Senior Tri-Hi-Y is an outstanding club in our community. It has been very active this past year in and out of our school. The girls held a Square Dance at the beginning of the school year, and the dance was a great success. Boy! Those girls really believe in co-operation. For Christmas the club members gave gifts to make a "Sunshine Box" for a crippled friend. The Y Clubs also sponsored a Christmas Carol Sing, which every high school student and teacher could attend. The Hi-Y and Sr. Tri-Hi-Y also had a joint Christmas meeting at which they made dolls for the hospital. In the Spring, the club sponsored a party at the Children's Home and also took part in presenting the Easter program. At the end of our club activities the girls prepared for their annual Mothers' and Daughters' Banquet.

Miss Harriette Mumper, the Sr. Tri-Hi-Y Club advisor, is always ready and willing. It is her support and friendliness which gives the girls extra interest in their activities.

The Junior Y Club has also been active. They held a Christmas Juke Box Dance which was very successful. They participated in the Carol Sing and had a Christmas Social. Later, in the Spring of the year, they took part in the Easter Pageant with the Senior Tri-Hi-Y. The Junior Y Club also held joint meetings with the Senior Y Clubs.

The members of the Junior Tri-Hi-Y are taken from the eighth and ninth grades. These girls have a purpose which expresses their high ideals. It is "To create, maintain, and extend throughout the school and community, high standards of Christian character." Miss Katherine Karabuskin, the club advisor, is ready to solve any problems which are brought up during the meeting. Her work is greatly appreciated.

FOLLOW THE GLEAM

To the knights in the days of old, Keeping watch on the mountain height
Came a vision of Holy Grail And a voice through the waiting night.

Follow, follow, follow the gleam, Banners unfurled o'er all the world.
Follow, follow, follow the gleam of the Chalice that is the Grail.

And we who woud serve the King and loyally Him obey
In the consecrate silence know That the challenge still holds today.

Follow, follow, follow the gleam Standards of worth O'er all the earth
Follow, follow, follow the gleam Of the light that shall bring the dawn.

I WOULD BE TRUE

I would be true, for there are those who trust me;
I would be pure, for there are those who care;
I would be strong, for there is much to suffer;
I would be brave, for there is much to dare,
I would be brave, for there is much to dare.

I would be friend of all—the foe, the friendless;
I would be giving, and forget the gift,
I would be humble, for I know my weakness;
I would look up, and laugh, and love, and lift,
I would look up, and laugh, and love, and lift.

The club donated money to the Crippled Children's Fund in Pittsburgh. This year, the two Y clubs had a Christmas meeting in the Library. Every two years, the two clubs give a party for the Canonsburg Tri-Hi-Y and Hi-Y clubs. The two clubs always decorate a Christmas tree for the school. The purpose of the club is to establish and maintain high standards of Christian living in the school.

The Camera Club is one of the up and coming organizations at Chartiers High School. This club, under the able direction of a new sponsor, Mr. John Riggle, is rapidly becoming one of the leading organizations of the school. The Camera Club's main job is to take pictures for the yearbook. Yes, all those wonderful informal shots in the yearbook are the work of our Camera Club. A huge number of students applied for membership in the club this year, proving **the fact** that the club is increasing in popularity among the student body. The members of the club take pictures in the club's own darkroom. The club made small prints of the senior's graduation pictures and sponsored a juke box dance in order to raise money for buying film. The efficiency of the club has increased greatly since some new equipment has been added to the darkroom.

The club's officers are, President—Don Meier; Vice President—James Welsh; Secretary — Barbara Mikus; Treasurer — Walter Jaap.

Chartiers High School is very proud of the girls who make up a group called the Sub Deb Club. It has contributed much toward the social life of the students during and after school hours. The members have held fashion shows and dances. Two of their most outstanding projects have been the Christmas Dance and the Coronade. The Christmas Dance this year was a formal and was very appropriately called the "Sno-Ball." The music was presented by Lee Barrett and his Orchestra. The dance was a big hit with the boys because corsages were banned. We all thought that it was a good idea. The next factor which made the dance a success was the display of cooperation and willingness to work among the club members.

The club also presented a program to the students and faculty for Christmas. Everyone enjoyed the program and we especially enjoyed the part in which a few members of our faculty expressed their talents.

The club advisor is none other than our friendly and capable Home Economics Instructor, Mrs. Ruth Ferguson. Although she is busy with classes, she manages to find time to help these girls along with their problems and activities.

The Coronade takes place each year in the merry month of May. It is a ceremony at which a girl is crowned Queen of May and a boy, Lord of May. Another girl is chosen as the Spirit of Chartiers. These students are chosen for their friendliness, poise, leadership, and for qualities that everyone desires. Our Queen of May was Dorothy Carroll, and our Lord of May was Glenn Arthur. The honor of being chosen as Spirit of Chartiers was bestowed upon Dona Wylie. These students well deserved the honor. After the ceremony, a program was presented for their Highnesses' pleasure. The Grand March followed and then the dance was held.

The Coronade is sponsored by the Sub Deb Club.

The bus drivers of Chartiers Township Schools have done an excellent job in getting the student body to and from school safely and soundly. They are a group of seven men who are courteous and patient with the sometimes high spirited students on the busses, and we think they deserve an extra note of appreciation.

It seems almost unnecessary to sing again the praises of our two custodians whose work is always so evident. They are two of the most popular people at Chartiers.

Basketball

The Chartiers Basketball team went through the 1950-51 basketball season in fine style. The team finishes with a very creditable record of 15 victories and 7 defeats. The Bucs got off to a very slow start, winning only 4 of its first 9 exhibition games. But when the W. P. I. A. L. play got underway the Bucs gave a good account of themselves. They finished second in Section 22 play. The squad hit its highwater mark about half way through the season with its 94-52 victory over our arch rival, Canonsburg. This year's squad was one of the highest scoring teams in the school's history, averaging about 54 points per game.

Our reserve team left little to be desired with its very promising 20-2 won and lost record. We lost only to Trinity and Claysville.

Coach Tom Smith is looking forward to another successful season next year. The team will lose only two members this year: Louis Young through graduation and Ed Roth who joined the navy shortly after the season started.

The team plans to enter the Undergraduate Tournament in Washington after the regular season closes.

Wrestling

The Chartiers High wrestling team had a very good record for the 1951 season. Under the guidance of a new coach John "Abe" Abraham, we won nine matches, lost four, and tied one. One of the highlights of the season was our twenty-three to twenty-one win over Canonsburg High.

Our team had some very fast falls this season with Joe Thomas getting a first period fall against Jefferson in thirty seconds. Premro had a first period pin in thirty-four seconds against Claysville.

Our team also participated in the W. P. I. A. L. Tournament at Waynesburg.

There were six seniors on the team this year. They were: Don Hordies, Joe DeWitte, Ed Premro, Bill Novotny, John Hibbert, and Clarence Melone.

Coach Abraham entered almost a full team in the second annual Washington County Novice's Tournament. Four boys went into the finals with three taking first place and one taking second.

Last year's baseball team was one of the most outstanding teams in the history of baseball at Chartiers. The team finished in first place in Section 4 with a record of 6 wins and 2 defeats. The team won twice from Trinity and East Washington and split even in two games with both Washington and Canonsburg. In the sectional playoffs, Chartiers was beaten 8-0, by a strong Burgettstown team.

This year's team will be weakened by the loss of such fine senior players as Roger Nixon, Fred Delost, Glenn Arthur, and Malcolm Fullum. These men formed the nucleus of last year's team but Mr. Mullins has his hopes up high for another successful season with six lettermen returning. They are: Louis Young, Bob Brahs, Henry Tomsic, Bill Borza, Frank Lucy and Jerry Yarkosky.

SCHOOL SONGS

Chartiers forever
May we always be,
Faithful, proud and loyal
In our love to thee.
Hail! Hail!
The gang's all here;
We're the Bucs so bold!
We'll stick together for the
Maroon and Gold.

B—U—double C
A—N—double E
R—S—Buccaneers
Team! Team! Team!

Everybody yells for a team that's swell,
Cheer up Bucs so bold!
Rah! Rah! Rah!

When this game is o'er—
We want a great big score—
So come on and fight—
Fight and fight with all your might!

Plainly you can see,
Who will have the victory;
Chartiers Buccaneers
Team! Team! Team!
